## LIVESTOCK, DAIRY, AND POULTRY PRICES

The livestock and dairy price statistics included in these tables are based on reports from farmers, auction markets, livestock buyers, meat and poultry processing plants, Market News Service, produce houses, egg handlers and dealers, marketing cooperatives, dairy plants, and other firms doing business with farmers. The marketing year for livestock, dairy, and poultry items is a calendar year, except for hogs, chickens, and eggs, which are on a December-November basis.

The 1998 Minnesota annual average prices for meat animals were lower than 1997. Beef cattle were down \$3.80 per hundredweight while steers and heifers were down \$2.70. Cows increased 10 cents and calves were up \$4.80. All hogs and barrows and gilts both decreased \$18.80 while sows decreased \$19.20. Sheep were down \$6.60 and lambs were down \$19.40. Milk cows for dairy herd replacement were up \$30.00 per head. Turkeys were down 4 cents per pound while table market eggs were down 8 cents per dozen. All milk was up \$2.36 per 100 pounds while grade A milk was up \$2.34. Manufacturing grade milk was up \$2.29 per 100 pounds.
